THE COMPLETE COLLECTION

IT'S ALL IN THE DETAILS

*Details are the key element to differentiation,
to a high quality and to a unique design.*

In everything we do, details are our focal point – from the visual details like our choice of shape, collar and sleeves, to the many exclusive features such as type of luxury fabrics and functional details like buttons etc.

What is important is the unique combination of functionality and an exclusive design. Our high level of details provide our customers with the confidence that they will always get a unique product when choosing Nimbus as their number one supplier.

CERTIFIED ORGANIC COTTON

Nimbus styles that are produced with organic cotton are marked with our own “Certified Organic Cotton” symbol.

The use of organic cotton leads to improved soil condition, lower greenhouse gas emissions, stronger biodiversity and better health among the cotton growers.

By law, organic cotton plants cannot come from genetically engineered seeds, and strict regulations dictate how cotton must be grown to be certified organic.

We are currently working to improve our organic labelling, so our products comply with an even better, stricter, and more comprehensive standard called OCS.

COPENHAGEN POLO CLUB

Copenhagen
Polo Club

N
NIMBUS
- CPH -

The first and only official polo club in Denmark is owned and operated by a family of polo enthusiast, determined to share their passion for the oldest team sport in the world.

If you drive just 30 minutes north from Copenhagen, you will find the exclusive Copenhagen Polo Club based at a beautiful private seaside estate. The services include everything from teambuilding events, beginner lessons on friendly school horses, to matches and tournaments for experienced players.

The historical polo sport runs all year round, with experienced polo staff, well-trained horses, and an outstanding location for anyone to experience this majestic horse sport. The main polo field by the sea is overlooking Øresund with a beautiful view to neighboring Sweden.

Explore or learn to master **The Sport of Kings** in a great, social and international environment. Like the Copenhageners as well as tourists from all around the world you can spice up the annual company day or add a fun activity to a private party at Copenhagen Polo Club.

“

We believe that Copenhagen Polo Club captures the essence of today's demand for outdoor sports when living in the city.

During the last couple of seasons, we have had the privilege to **design a** team wear for the polo players at the Copenhagen Polo Club. The outcome of the poloshirts is represented by the classic white and dark colors combined with the familiar burr known from the Club logo.

We are very proud about the collaboration with this historical and exclusive club, and looking forward to keep supporting Copenhagen Polo Club and the sport of kings in the future.

The rules of polo: Horse polo or simply called “polo”, is a fast-paced, full contact ball sport played on a horseback. There are many variants of the sport include field polo, arena polo, beach polo and even snow polo, but the main rule of the game is that two teams can play with four members each. The main objective of the game is to score goals against the opposing team. Using a mallet, the players can score a goal by driving a small wooden ball into the opponent’s goal. The polo equipment includes a helmet, riding boots, kneepads, gloves and a polo shirt.
